

*Providing a Medical Home for Those In Need.*

## **CLINICA COLORADO**

### **NURSE PRACTITIONER JOB DESCRIPTION**

Clinica Colorado is a nonprofit, primary care clinic in the Denver Metro area that serves uninsured and underinsured patients in Colorado. We are looking for a qualified Nurse Practitioner to provide well and acute care in an outpatient setting. You will practice medicine within a multidisciplinary team with a medical doctor and physician assistant; and you will work with a variety of patients providing direct medical care. Prefer board certified and 1-3 years' experience, though would consider a recent graduate.

#### **Responsibilities:**

- Provide acute and well care within an outpatient, medical home model.
- Identify patients' care requirements, focus on their needs and act on them.
- Order treatments and prescribe medication.
- Nurture a compassionate environment by providing moral support.
- Resolve or report on patients' needs or problems.
- Obtain medical histories and diagnose diseases.
- Monitor and record patient's condition and document provided care services.
- Treat walk-in urgent care patients.
- Perform and assist with minor surgical procedures. (i.e. sutures, mole removal)
- Follow medical care regulations and standards.
- Work within and cooperate with a multidisciplinary team.

#### **Requirements:**

- Bilingual in English & Spanish.
- Familiarity with professional and technical emerging knowledge.
- Basic Life Support (BLS)
- Problem solving skills and ability to multi-task.
- Compassionate with good communication skills.
- Excellent teamwork skills.
- BS/MA in Family Nurse Practitioner studies, Health Science or Medical Science.
- Maintain ongoing board certification

Salary commensurate with experience. \$80,000-90,000. Benefits package, including Paid Time Off, CME, health insurance, and retirement plan.

Resume and cover letter should go to Jill Schneider, Executive Director – [jschneider@clinicacolorado.org](mailto:jschneider@clinicacolorado.org). NO PHONE CALLS PLEASE.
